

Mindset Questionnaire

*Read each pair of statements in a row. For each pair, tick the box which most closely represents your views, as you tell others.
For instance, tick "1" if you fully agree with the statement on the left or tick "4" if you fully agree with the statement on the right.
Find a neighbor you don't know, introduce yourself, and talk with them about why you made your choices.*

	1	2	3	4	
1) I understand situation better than anyone else in my team					1) I have information and others do, too
2) People who disagree with me are pushing an agenda					2) People who disagree with me are trying to help me
3) I am right most of the time					3) I am often mistaken or have incomplete knowledge
4) I don't have much to learn from my colleagues					4) I can learn from our differences
5) My feelings are obvious and justified					5) My feelings are not obvious to others and may not be rational
6) I never cause problems in my team					6) I may be part of the problem
